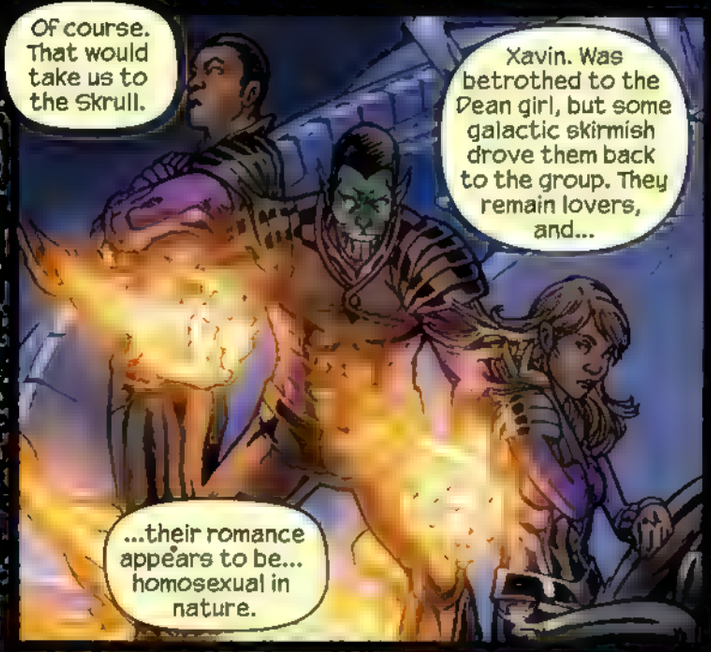
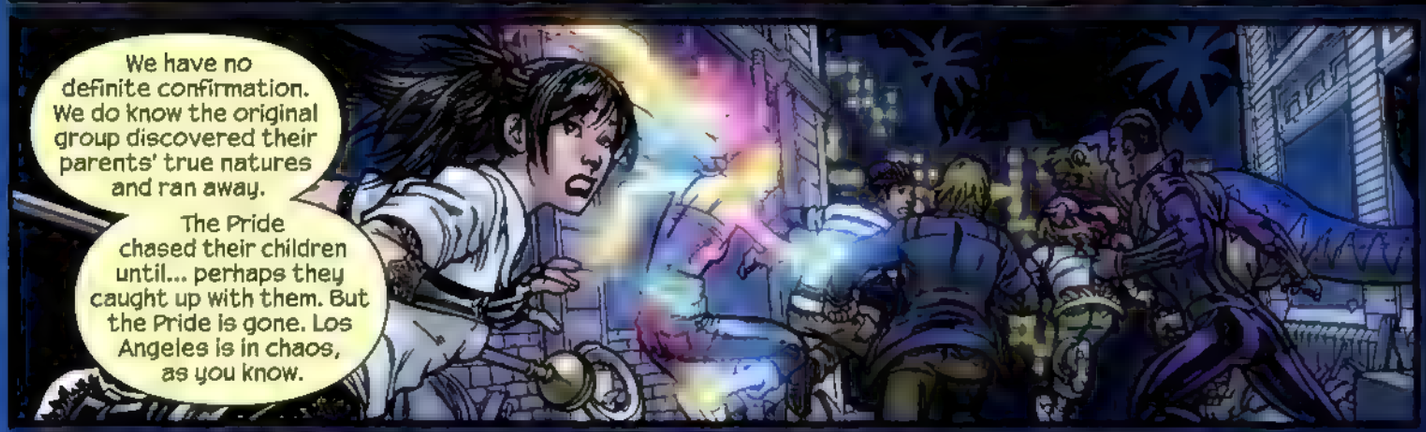
Tell me about the children.
Nico Minoru leads the, ah, 'team'. Child of the dark wizards, she now controls the Staff of One.
Adept at spells. Possibly not so much at leading.
Chase Stein, the oldest--all of eighteen. Despite his scientific pedigree, he's entirely dim.
His trump card is a mental bond with a... I don't want to say dinosaur...
Is it a dinosaur?
Most probably.
Then say it.
The animal belonged to the Yorkes' daughter, Gertrude. Their time-travelling probably explains how a dinosaur could even--
The girl.
Oh, dead. Dead.
Not important.
Molly Hayes, the youngest. Mutant strength.
Alex Wilder was also a casualty, so of the Pride's children that leaves only the alien:
Karolina Dean. Flight, some sort of cosmic energy... we're still looking into that.

Since their parents' deaths they've picked up two more recruits.
Victor Mancha controls metal and electronics. Cyborg.
He's rumored to be the creation of Ultron himself, but that seems far-fetched.
Is there something about this group that doesn't?

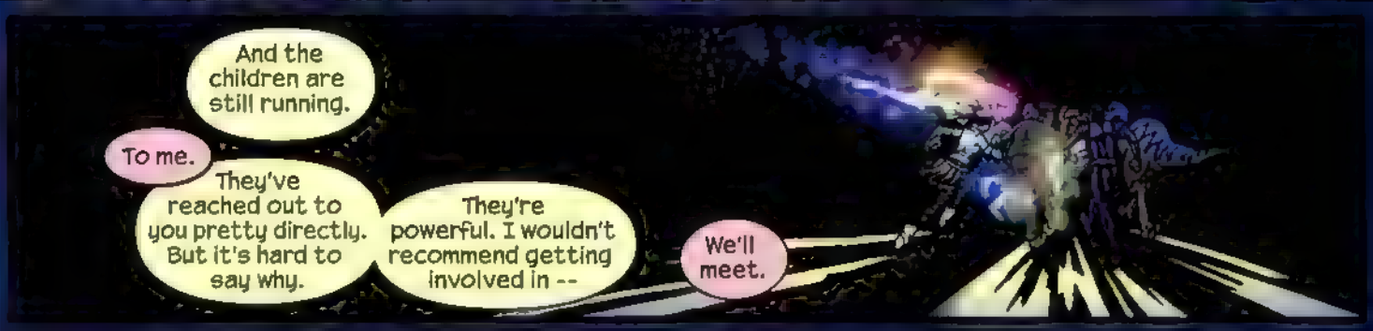


Of course. That would take us to the Skrull.
Xavin. Was betrothed to the Dean girl, but some galactic skirmish drove them back to the group. They remain lovers, and...
...their romance appears to be... homosexual in nature.

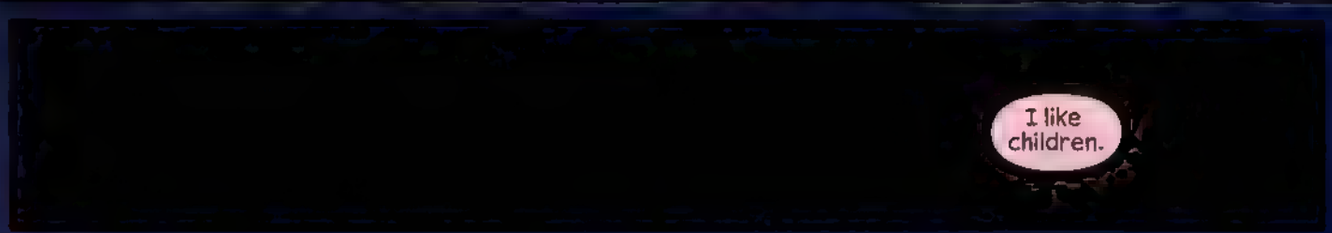
At last. A piece of information that is entirely useless.
Sorry. Yes. They've been to New York once before, where they ran up against the Avengers, and our...
...our late associate.
Did they kill their parents?



We have no definite confirmation. We do know the original group discovered their parents' true natures and ran away.
The Pride chased their children until... perhaps they caught up with them. But the Pride is gone. Los Angeles is in chaos, as you know.



And the children are still running.
To me.
They've reached out to you pretty directly. But it's hard to say why.
They're powerful. I wouldn't recommend getting involved in --
We'll meet.



I like children.

That's totally her. That's totally She-Hulk.
Victor, we don't have a lot of other options.
I'm not gonna talk to this guy. I'm just here if things get ugly.
Things *are* ugly. They're all ugly.
Is somebody gonna deal with She-Hulk having scampi like three tables away?
I just don't want you pawing me when you look like that.
My love, we have to show *strength* here. My male form is more intimidating.
That's sexist.
And the man we're meeting isn't?
She-Hulk has the fakest boobs I ever saw.
And those aren't scampies, they're shrimp.

Vic, you gotta check this out. I'm not into muscles but, I'm, now I'm sort of into muscles.
Is she gonna be a problem, being here? Wasn't she an Avenger?
What's she gonna do? We're just having dinner.

Yeah, but isn't this guy we're meeting supposed to be the most evil person in the whole...

...stuff?
Get the rest of the story on April 4th!

**Written by STAN LEE & STEVE DITKO**
**Pencilled by STEVE DITKO with JACK KIRBY**
**Cover by JACK KIRBY & STEVE DITKO**
**Variant Painted Cover by ALEX ROSS**

In 1962, in the pages of a comic book slated for cancellation, Stan Lee and Steve Ditko gave birth to one of the most-enduring icons in American popular media: the one and only Amazing Spider-Man! Turning the concept of a super hero on its head, they imbued the young, guilt-ridden Peter Parker with the fantastic powers of an arachnid and the fantastic pressures of an everyday teenager. The combination was pure magic.

During the course of 40 issues of web-slinging, wisecracking wonderment Lee and Ditko built the foundation for 45 years of Spidey spectaculars — girl trouble; bill trouble, bully trouble; the Daily Bugle, and a cast friends, family and, of course, super-villains unlike any other!

Completing the entire Stan Lee/Steve Ditko Spider-Man run in one massive volume —including every page, every pinup and every letters column. Not to mention unused covers, critical essays and bonuses galore!

We went back to the Mighty Marvel Archive to restore each and every page in this volume for painstaking accuracy to the originals. There's no kidding — this collector's edition is the guaranteed be-all, end-all book for the Spider-Man fan!
